

Facilities/Maintenance Project Volunteer

QUOTE FROM ST. MARY EUPHRASIA: “Generally, children who spend a significant part of their lives in institutions are less able to cope with life’s difficulties than children who have grown up in stable homes, or at least, out in the community. We must do everything we can to remedy this: we must provide our children with experiences that will prepare them with life in the “real world.”

Volunteer(s) Role

This volunteer position works with groups that would like to do a service type project. These projects can include but are not limited to: landscaping, carpentry, power washing the exteriors of our community based homes, repairing or replacing window sills, painting the exteriors & interiors or our community based houses and dorm rooms, replacing the tile and flooring in bathrooms. (It is also possible to adopt a dorm and work on the needs of that dorm as they come up throughout the year. Please check with the Director of Communications and Volunteers about this opportunity.)

The Director of Communications and Volunteers welcomes your ideas & specialties for new and innovative projects with our community based residents.

Typically these projects will be done on the weekends but can be done during the week. The Maryhurst staff members will work with you to create a schedule/time that fits both the Maryhurst campus and community based schedule and your schedule.
