Who We Serve

Number Of Children Served

Maryhurst is the only agency in Kentucky serving the state's most traumatized girls who meet a specialized criteria established by the Cabinet for Health and Family Services. During the 2015/16 fiscal year, 87 youth meeting these criteria were cared for by Maryhurst programming.

Outcomes

- According to the Children's Review program, 87% of the youth who successfully completed the campus-based residential treatment program went to a less restrictive setting such as their home, a foster or adoptive home, or an independent living setting and were still successful at a standard four-month check-in.
- According to 2015-2016 district proficiency assessments, Maryhurst Academy high school students increased proficiency across content areas 85.6%, with an average gain of 31.02 points and scored higher than the overall Jefferson County State Agency Children's Programs on 57% of district assessments.
- For those who were discharged, 82% achieved their treatment goals.
