Maryhurst relies on the generosity of various foundations, businesses and individuals in our community to help us meet our children's needs.

**Each year, we must raise close to \$2 million in private funds** to ensure our children are getting the very best of care. We offer our sincerest appreciation and heartfelt thanks.

## Number of Children Served

**135:** Children served through campus-based residential treatment

**51:** Children served through community-based treatment homes

**49:** Children served through therapeutic foster care

**53:** Children served through psychiatric residential treatment facilities

**288:** total children served

## Outcomes

According to the Children's Review program, 98% of the youth who successfully completed the campus-based residential treatment go to a less restrictive setting such as their home, a foster or adoptive home or to an independent living setting.

In the past two years, 31 girls have graduated from the Maryhurst Academy. 77% of these graduates went on to post-secondary education. Many of these girls came to Maryhurst over four years behind grade level in math and reading.

Maryhurst is the only agency in Kentucky to serve the most traumatized girls who meet a specialized services criteria established by the Cabinet for Health and Family Services. Within this fiscal year, 71 youth meeting this criteria were cared for by Maryhurst programming.

One girl who receives effective treatment at Maryhurst and goes to college produces \$500,000 of positive financial impact through her meaningful employment and taxes.
