Maryhurst relies on the generosity of various foundations, businesses and individuals in our community to help us meet our children's needs. Each year, we must raise close to \$2 million in private funds to ensure our children are getting the very best of care. We offer our sincerest appreciation and heartfelt thanks.

Outcomes

Maryhurst is the only agency in Kentucky to serve the most traumatized girls who meet a specialized services criteria established by the Cabinet for Health and Family Services. Within this fiscal year, 72 youth meeting these criteria received treatment by Maryhurst programming.

According to the Children's Review program, 88% of the youth who successfully completed Maryhurst programming are still placed in a less restrictive setting such as their home, a foster or adoptive home or to an independent living setting four months later.

In the past two years, 25 girls have graduated from the Maryhurst Academy. Many of these girls came to Maryhurst over four years behind grade level in math and reading.

Through our Transitional Support and Aftercare Program, we provide college and career preparation to our young people as they transition into college or vocational training. We take them on college visits, help with applications and financial aid, and support them as they begin their college journeys. We also connect them with community mentors. There are 41 young women being served today in the program.
